Workplace Giving Programs are very important to us! Roughly 50% of our annual budget is funded through fundraising, a significant portion of which comes through programs, such as the King County Employee Giving Program.

More importantly, workplace giving is our way of strengthening our community by increasing awareness and enabling local populations to support our programs. ~FareStart

With the King County Employee Giving Program, not only are we able to connect with many people to ask for support, we also are able to reach a large number of people and explain our mission, our programs and how we are improving lives today and saving lives tomorrow. ~Hope Heart Institue

YouthCare, along with two other organizations, coordinates Safe Place in King County. Safe Place is a program that quickly connects runaway and homeless youth ages 12-17 to services, either by reuniting them with their family or providing them with emergency shelter. Youth access Safe Place through participating Safe Place sites, including King County Metro buses. Metro bus drivers have told us they regularly see youth in need of help on their buses, and Safe Place is a great resource for them to make sure these kids find help within minutes. King County and YouthCare are working together to make sure every child can access the help they need to stay safe.

Partnerships such as this are critical in helping to connect young people with the services they so desperately need and YouthCare is grateful to all King County Employees who participate in supporting our work. For the young people we
